

MENU OF SERVICES

At That Hair & Beauty Place, we follow a philosophy of beautiful, healthy hair & skin. We believe this is only achievable through the use of professional haircare products and services plus medical-grade skin treatments.

Also important is the understanding that health and beauty are formed from the inside out. This belief is why we deliver holistic skin treatment programmes that include cosmeceuticals, aesthetic treatments and education about what is going on deep within your skin.

Our passionate hairdressers and skin-obsessed therapist will provide you with the most up-to-date and accurate knowledge for your hair & skin concerns.

For your skin, our therapist will prescribe a personalised skin-programme designed for you to reach your ultimate skin goals and maintain those results for life. We are thrilled with the results we achieve for our clients and cannot wait to help you to realise the hair and skin of your dreams!

ADVANCED SKIN TREATMENTS

Advanced treatment programs offering amazing results for stubborn skin concerns.

LED Light Therapy \$139
Light Emitting Diode (LED) phototherapy system is a non-ablative skin surface treatment system that uses light-emitting diodes to deliver pure light in precise wavelengths for the treatment of fine lines and wrinkles, acne, rosacea, wound healing, scar reduction, large pores and psoriasis.

IPL PhotoFacial skin rejuvenation treatments will improve skin tone, texture, refine and refresh the skin by increasing the production of collagen.

Pigmentation / Vascular Skin Revision \$199
Say goodbye to stubborn brown spots and pigmentation. Results seen in as little as 4-6 weeks post-treatment.

Acne Skin Revision \$169
A complete acne revision program specially designed for stubborn acne needing an alternative to medication intervention. This 9-week program guarantees your skin will be stronger, clear and acne breakouts killed at the source. LED Light Therapy included.
